Facility Identification Number: 141367  
Special Temporary Authority  
BESTA-20160519AAG

Dear Licensee:

This is in reference to the request filed May 19, 2016 on behalf of Educational Media Foundation ("EMF"). EMF requests an extension of the November 6, 2015 special temporary authority, to permit continued operation while it pursues construction of the facility authorized by construction permit BMPFT-20160506AFG.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for STA IS HEREBY GRANTED. Station W250BD may continue to operate at reduced power. EMF must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

**This authority expires on November 19, 2016.**

Sincerely,

A handwritten signature in dark ink, appearing to read "Dale Bickel". The signature is written in a cursive, slightly slanted style.
